Introduction

Learning English opens doors. It gives children the confidence to communicate, continue their education and create new opportunities for their future. At the English for Kids Foundation (EFKF), we believe that every child deserves access to quality English education, regardless of where they live or the challenges they face.

Throughout 2025, EFKF continued to expand its international impact by providing accessible English language education through digital learning programmes, local partnerships and dedicated volunteers. Nearly 500 students from fifteen countries participated in our courses, demonstrating the growing reach of our educational initiatives.

One of the highlights of the year was the successful Summer School in Roosendaal, where Ukrainian students Alla and Vika supported the programme and contributed to an inspiring learning environment. At the same time, our Global Day of Languages (GDL) programme continued to grow, reaching even more students around the world through innovative online education.

During the year, EFKF also strengthened its network in Latin America and further developed its volunteer community. Around fifty volunteers supported our activities as moderators, markers and organisers, helping to create meaningful learning experiences for children and young people.

Looking back on 2025, we are proud of the progress we have made together with our volunteers, partners and students. At the same time, we continue to look ahead. By expanding our digital programmes and encouraging older students to become mentors for younger learners, we are building a sustainable future in which education creates opportunities for generations to come.

English for Kids Foundation

Mission & Vision

Mission

The English for Kids Foundation (EFKF) is committed to creating better opportunities through English education. We provide accessible and high-quality learning programmes for children and young people around the world, helping them develop the language skills and confidence they need for their future. By working together with volunteers, schools and international partners, we aim to make English education available to those who need it most.

Vision

EFKF believes that education has the power to change lives. Our vision is to build a global learning community where students not only learn English but also inspire and support one another. In 2025, this vision expanded by encouraging older students and young adults to take on mentoring and supporting roles. Through digital learning, international collaboration and sustainable partnerships, we continue to create opportunities for future generations and strengthen communities worldwide.

2025 at a Glance

In 2025, EFKF continued to expand its international reach by providing English education in 15 countries across Europe, Asia, Africa and Latin America. Through digital learning, local partnerships and the dedication of our volunteers, we are creating new opportunities for children and young people around the world.

15
COUNTRIES

Active in 15 countries across Europe, Asia, Africa and Latin America.

500
STUDENTS

Nearly 500 children and young people improved their English and gained confidence.

50
VOLUNTEERS

Around 50 volunteers supported our programmes as moderators, markers and organisers.

SUMMER SCHOOL

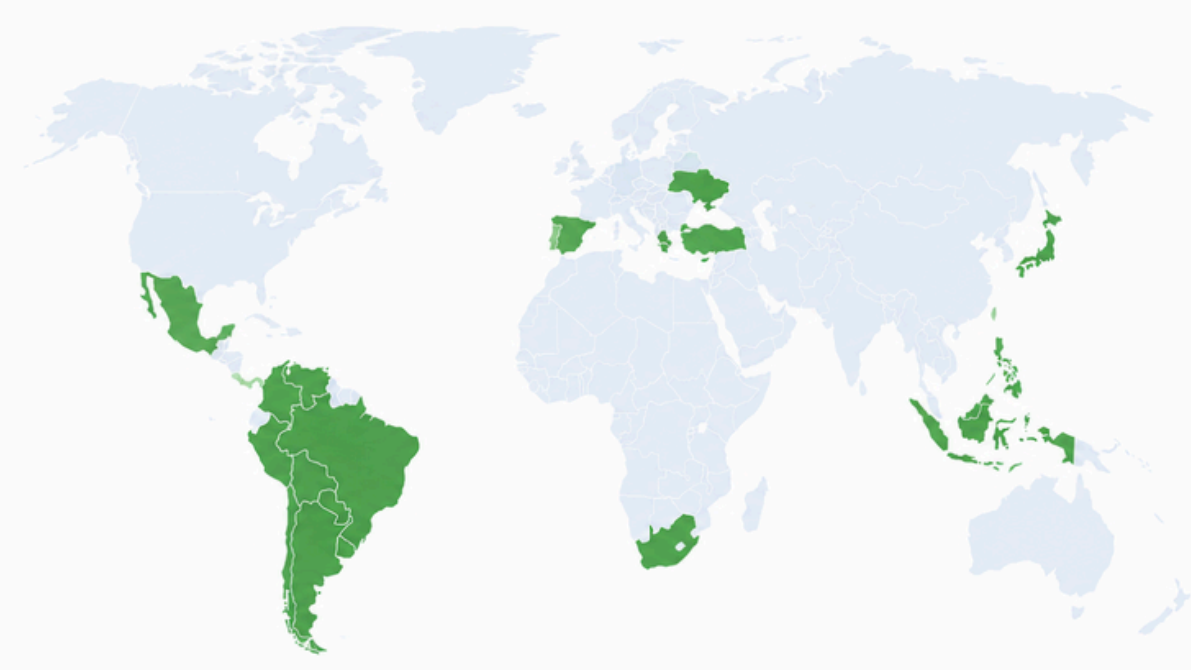
A successful physical Summer School was organised in Roosendaal with the support of Ukrainian students Alla and Vika.

GDL GROWTH

Global Digital Learning continued to grow, reaching even more students through innovative online education.

LATIN AMERICA

Our network in Latin America expanded, creating new partnerships and opportunities for future projects.



Looking back on 2025

The year 2025 marked another important step in the growth of the English for Kids Foundation. Building on the success of previous years, EFKF continued to expand its digital education programmes while strengthening its international network of volunteers and partners.

Throughout the year, nearly 500 students from fifteen countries participated in EFKF's English programmes. Our activities reached children and young people in Indonesia, South Africa, Ukraine, Japan, the Philippines, Cyprus, Greece, Peru, Brazil, Argentina, Uruguay, Venezuela, Bolivia, Spain and Türkiye.

One of the highlights of the year was the successful Summer School in Roosendaal. With the support of Ukrainian students Alla and Vika, participants were able to improve their English in an inspiring and interactive learning environment. At the same time, the Global Day of Languages (GDL) programme continued to grow, becoming one of EFKF's most successful educational initiatives.

During 2025, EFKF also expanded its partnerships in Latin America, creating new opportunities for future collaboration and educational projects. Around fifty dedicated volunteers contributed as moderators, markers and organisers, helping students develop their English skills and confidence.

Looking back, 2025 was a year of growth, innovation and collaboration. Together with our volunteers, partners and students, we continued to create opportunities through education and laid a strong foundation for the future.

Our projects

Throughout 2025, EFKF continued to create educational opportunities for children and young people through a combination of digital learning, international collaboration and local initiatives. Our projects focused on improving English language skills while building confidence, communication and connections across cultures.

Global Day of Languages (GDL)
The Global Day of Languages (GDL) was one of EFKF's most successful international initiatives in 2025. The event brought together students from different countries in a friendly international competition, where they demonstrated their English language skills through a variety of language activities and assessments. GDL encouraged participants to challenge themselves while connecting with students from different cultures around the world. The event celebrated learning, international cooperation and the shared goal of improving English language skills in an engaging and motivating way. The continued growth of the Global Day of Languages in 2025 reflected EFKF's expanding international network and highlighted the Foundation's commitment to creating meaningful educational experiences that bring young people together across borders.

Summer School 2025
One of the highlights of the year was the Summer School in Roosendaal. This in-person programme brought students together in an interactive learning environment where they could develop their English skills through practical activities and collaboration. Ukrainian students Alla and Vika played an important role in supporting the programme and inspiring participants throughout the week.

International Projects
Beyond GDL and the Summer School, EFKF remained active in fifteen countries across Europe, Asia, Africa and Latin America. Together with local schools, organisations and volunteers, we continued to provide English education to children and young people who benefit from additional learning opportunities. The expansion of partnerships in Latin America marked an important step in strengthening our international network.

Partnerships & Volunteers

The success of EFKF would not be possible without the dedication of our partners and volunteers. Throughout 2025, we continued to strengthen existing collaborations while expanding our international network, particularly in Latin America. These partnerships enable us to reach more students and create new educational opportunities in communities around the world.

Around 50 volunteers supported EFKF during the year in a variety of roles. As moderators, they guided students through online learning programmes and encouraged them throughout their learning journey. Markers assessed assignments and provided valuable feedback, while other volunteers contributed to events, project coordination and organisational activities.

The growing involvement of young people also reflects EFKF's vision for the future. Former students are increasingly taking on supporting and mentoring roles, helping the next generation of learners develop their English skills and confidence. This creates a strong international community in which learning and volunteering go hand in hand.

Together with our volunteers, schools and partner organisations, EFKF continues to build a sustainable network that creates opportunities through education and international cooperation.

Salford Co.

Looking Ahead to 2026

As EFKF looks ahead to 2026, our focus remains on creating even more opportunities for children and young people through English education. Building on the progress made in 2025, we aim to further expand our digital learning programmes and reach even more students around the world.

One of our main priorities is to increase the number of moderators and volunteers who support students throughout their learning journey. Their dedication is essential in maintaining the quality of our programmes and ensuring that every participant receives the guidance they need.

We will also continue to strengthen our international partnerships and explore new opportunities for collaboration, particularly in regions where access to English education can make a meaningful difference.

A key part of our vision for the future is empowering older students and young adults to become mentors and role models for younger learners. By encouraging them to share their knowledge and experience, we are creating a sustainable learning community in which education extends beyond the classroom.

With the continued support of our volunteers, partners and sponsors, EFKF is confident that 2026 will bring new opportunities to inspire, educate and connect young people across the world.

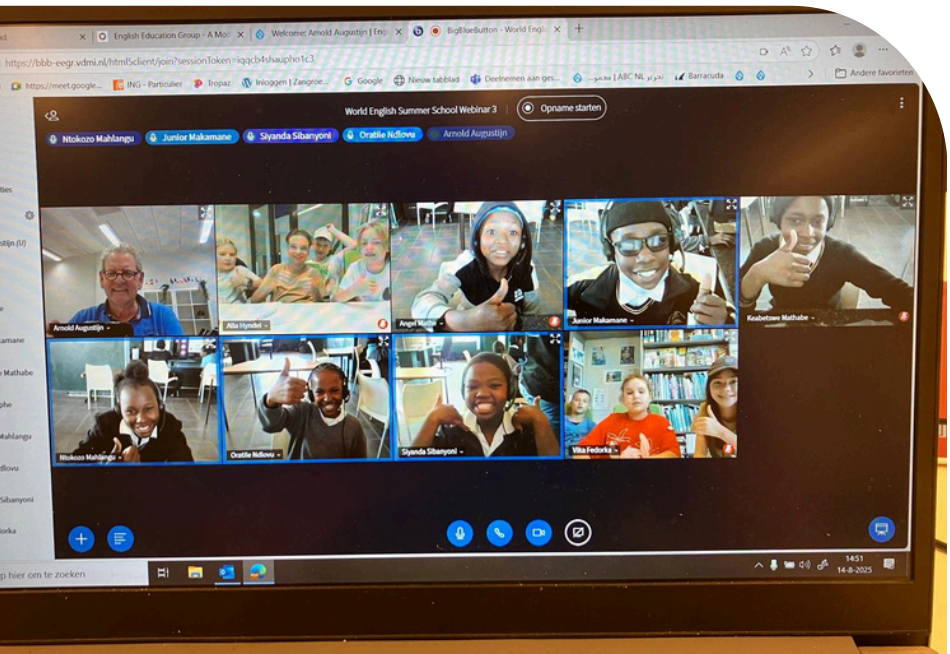
Management & Organisation

The English for Kids Foundation is a volunteer-driven organisation committed to providing English education to children and young people around the world. Throughout 2025, EFKF continued to rely on the dedication and expertise of its board members, volunteers and partners to achieve its mission.

The Board was responsible for the strategic direction of the Foundation, while volunteers supported the day-to-day operation of educational programmes, events and digital learning initiatives. Their commitment played a vital role in the continued growth of EFKF throughout the year.

During 2025, the organisation also focused on further strengthening its internal processes. The administrative structure was professionalised to improve efficiency, communication and organisational support. These developments provide a solid foundation for the continued growth of EFKF and its international activities.

By combining strong leadership with the enthusiasm of volunteers and partners, EFKF continues to build a sustainable organisation that creates educational opportunities for children and young people across the world.



Financial Report 2025

The financial results for 2025 reflect another stable year for the English for Kids Foundation. Thanks to the continued support of sponsors, donors and fundraising activities, EFKF was able to further invest in its educational programmes and international initiatives.

Income was generated through donations, sponsorships, fundraising events and the successful Summer School. A significant contribution came from the Fedorova Sponsor Concert, while additional support was received through donations, the Hoevense Polderloop and other fundraising activities.

Expenditure remained focused on supporting the Foundation's core operations. The main expenses included insurance, banking costs, educational programme support, organisational costs and the continued development of the digital learning platform.

The positive financial result achieved in 2025 provides a strong foundation for the continued growth of EFKF. It enables the Foundation to further expand its digital educational programmes, strengthen international partnerships and invest in future projects that create opportunities for children and young people around the world.
The Board would like to express its sincere gratitude to all sponsors, donors, volunteers and partners whose support made these achievements possible.

Board Composition

The English for Kids Foundation is led by a dedicated Board of Directors whose members contribute their knowledge, experience and commitment on a voluntary basis. Together, they provide strategic direction and oversee the Foundation's mission to create educational opportunities for children and young people around the world.

Board of Directors (2025)

- Arnold Augustijn – Chairman
- Marcel de Jong
- Jos Blauwhof
- Rianne Sieben
- Paulus Smits
- Jan Vijfhuizen

The Board is supported by a network of volunteers who contribute to the Foundation's educational programmes, events, administration and international projects. Their collective commitment enables EFKF to continue expanding its impact and reaching more students each year.
